EXECUTIVE SUMMARY

Result-Driven IT Professional with a Master's Degree in Information Technology. As a recent graduate, I bring a strong foundation in software development and support. Proficient in frontend and backend development, with hands-on experience in applying agile methodologies to ensure the delivery of innovative solution and project success. Excited about emerging technologies, I stay informed and eager to learn. My commitment to continuous professional development drives my success.

EXPERIENCE

Software Developer Intern [\[link-to-reflection\]](#)

Jul 2023 – Oct 2023

Gilmour Space Technologies - Gold Coast, Australia

Accomplishments:

- Developed a Tree-Chart data representation, effectively simplifying complex Rocket/Satellite components data structure.
- Implemented D3.js techniques with Vue3 and TypeScript to enhance visualization features for Chart.
- Utilized Tailwind CSS and HTML Canvas with a focus on interactive and visually appealing user-interface.
- Achieved a 20% increase in user engagement, a 30% reduction in loading times, and a 20% decrease in user errors.

Responsibilities:

- Collaborated on front-end development projects using Vue3 and TypeScript.
- Designed and implemented user interfaces with Figma and Daisy UI and Tailwind CSS.
- Participated in testing and debugging to ensure product reliability.

IT Support Technician

Apr 2022 – Aug 2022

Go Golfing - Gold Coast, Australia

- Resolved 300+ IT issues, ensuring uninterrupted operations and optimal performance across systems and networks.
- Executed optimizations, boosted website speed by 50% and enhanced WordPress for better performance and SEO.

UX Developer

Mar 2020 – Jan 2021

Goldfish Technologies - Delhi, India

- Designed the UI for the "4moles" iOS app, with a focus on user cases and UX components, resulting in a 4.0-star rating.
- Collaborated on client – side web apps, increasing user interaction by 30% and improving SEO with HTML.

PROJECTS

Data Analysis App - Python [\[link-to-GitHub\]](#)

Desktop App Made using Anaconda and WxFormBuilder for Python, to implement robust data analysis and visualization. Extracted insights from New South Wales, Au - Traffic data, showcasing the ability to derive meaningful information.

Express.js Microservices [\[link-to-GitHub\]](#)

Microservices project implementing various functionalities such as RequestHeaderParser, Timestamp, UrlShortner, and ExcerciseTracker. Built using Node.js and Express.js, it offers a scalable and modular approach to handle different tasks.

React Full-Stack Social Media App [\[visit Website\]](#) [\[link-to-GitHub\]](#)

Web application, akin to Pinterest made using React (frontend) and Sanity.io (backend), offering users the ability login using google and share images with associated links and engage through comments.

AI ARTICLE Summarizer Web App [\[visit Website\]](#) [\[link-to-GitHub\]](#)

React web application using TypeScript and integrated Open AI model via Rapid API, facilitating effortless article summarization with single click. Implemented advanced features of Redux Toolkit to optimize data fetching and management.

EDUCATION

Master of Information Technology in Software Development and Support

Griffith University, Gold Coast, Australia

Jan 2024

Bachelor of Arts in Mass Communication

GGSIIP University, Delhi, India

2019

TECHNICAL SKILLS

Programming Languages: Python, Swift, Node.js, JavaScript, TypeScript, PHP, SQL, Go, HTML, CSS

Frameworks: React, Vue.js, Next.js, Laravel, React Native, Express.js

Database: MySQL, PostgreSQL, MongoDB

DevOps: Docker, Kubernetes, AWS, Firebase, GitHub, GitLab, CI/CD

Other: R, OWASP ZAP, RESTful APIs, GraphQL, JSON/XML, Linux CLI

KEY SKILLS

Problem-Solving | Object-Oriented Programming | Continuous learning | Attention to detail | Adaptability |

Collaboration & Teamwork | Spring & Agile Methodology | Project Management | Time Management

CERTIFICATIONS

Back End Development and API

FreeCodeCamp

2024

Python

HackerRank

2024

SQL

HackerRank

2024

User Experience Essentials

Udemy

2019

PROFESSIONAL DEVELOPMENT

International Student Merit Scholarship Award

Recognized for academic excellence, awarded scholarship award at Griffith University.

Coursework

- Programming Principles
- Object-oriented Programming
- Software Development Life Cycle
- Data Structures & Algorithms
- Networking & Security
- Software Testing and Debugging

Australian Computer Society (ACS) Membership

An active member of the Australian Computer Society, participating in networking events and staying abreast of industry trends and advancements.
